NYS NIBRS Vendors

New York State law enforcement agencies transitioning to the National Incident-Based Reporting System (NIBRS) must ensure their local records management system (RMS) can successfully generate and transmit a NYS NIBRS submission file to the New York State Division of Criminal Justice (DCJS). To be considered for participation in NIBRS, submission files must meet [New York State File Format Specifications](#) and comply with the [New York State's Edit Checks](#).

Note: DCJS does not endorse any vendor and/or product that appears on this list. DCJS is simply providing a list of NYS NIBRS agencies and their current vendor as resource for agencies developing their NIBRS transition plan.

Agencies can select any vendor and/product they choose, including those not listed, as long as certain specifications (which may include NY state-specific requirements) are met. Reference materials for law enforcement agencies and vendors may be found at [NYS Crime Reporting - IBR Reference Materials - NY DCJS](#).
